

I am...?

By Unique Carper

Peering through my mind
Trying to find
The source of these fears and uncertainties
Finding the best and worst of me
Feeling strong but weak
Bold but meek
I'm confident
I'm assertive
I'm conversable
I'm connected
I'm uncertain
I'm reserved
I'm unsociable
I'm alone
Trying to find a place
Anywhere but my present nest
Which works too well
And has become too familiar
But is where I can be Unique
Where I am accepted as I am
Where everyone knows me to be
Strong, bold, confident
Assertive, conversable, connected
But inside I am...?
The one who knows her weaknesses
But willingly yields
Vice consuming
Doubts herself
Her abilities
Her motives
Submerged in worry and fear
Submissive to tradition and popular culture
Optimistic
Self assured
Free spirited
unpredictable
I am everything I'm not
I am...?
UNIQUE!

By Unique Carper

3 a.m. and I'm feeling the love
Boy, all this love
Leonard!
Your love....
There's not another person on earth that could love me like this
My love knows everything I need
when I need it
and doesn't hesitate to give it to me

Break Free

By Unique Carper

Break free
of the past
all the detrimental stages
and pages of my life
of all the circumstances that make
me leery of living
of all the problems that cause
my idiosyncrasies
of all the pain that
mean nothing now
of all the hindrances that hold
me back from achieving
break free
of the me
so my new self can emerge
and I can
live free

I Could Never Be Friends with You

By Unique Carper

I could never be friends with you
NEVER

You know how you can love someone
and like them
or you can love someone
and hate them
well, I don't hate you
but it sure as hell ain't like!!!!

I could never be friends with you
because the only time I feel THIS hurt
is when someone brings up YOUR name

NEVER
the good does not outweigh the bad
all that bad????

please stop knocking
there is no friend behind this door
try my neighbor?
my best friend.....huh

I could never be friends with you
NEVER
because without you
the mentions of you
the hello's
how are you's
I have peace.....

Love-In-Waiting

By Unique Carper

Loneliness is one the the worst feelings in the world. Having no one to hold, kiss, talk to... In most cases it's just temporary. The lonesome are in a state of "love-in-waiting." When you have love, and have to wait on/for it, when that love is reunited it's like falling in love all over again. Love-in-waiting. That's the position I'm in. But I don't mind because it's true love, and in the midst of the wait dreams are being fulfilled, trust and loyalty is shown, a better quality of life is being built. Love waited for me, and I'll gladly return the favor...

Pure Love

By Unique Carper

pure love almost forgotten
until I drifted into the deep
saw you in a different light
felt that special love again
then I arose
with this profound sense of newness
but it's not new at all
it's the same as before
with more clarity and understanding
man of my dreams
pure love almost forgotten
always in my heart

So Happy

By Unique Carper
