

Beyond The Veil

by Una Clarke

Beyond the veil
Beyond the light
I have glimpsed
The window of my soul
The beauty reflected in my inner being
Explodes with laughter and delight

Like an Eagle
Soaring and basking
In your wondrous power
Our intertwining Spirits celebrating
The marriage of the lamb
Dancing in the joy of your presence
In the beauty of your holiness

Deep calls to deep
Crying freedom
Entering through the
Ripped veil
The blood of the lamb
The blood that cry's out
The blood that heals
The blood that seals
