

Creativity

By Maliya Mzyece Sililo

From deep within it starts.
Witnessed by the mind's eye.
Blurred shapes become distinct.
Mind, body and soul occupy.
It can't be contained.
It has to be birthed.

The labour is intense.
Straining and stressing.
Chopping and chipping.
Shaping and sharpening.
Until..... Waw!
A new creation!

Aah, the completion of creation,
The satisfaction of completion!
The contentment of an accomplishment.
It's beyond description.
Beyond the power of words.
An organismic experience.
