

Time

By Marvin Alexander

Not enough time
Where did it all go?
to hear your voice
to say, "I love you"
to see you smile
to feel your embrace
time has slipped through my hands
trying to hold on
I asked, "please wait"
but time said "NO"
helpless I sit
watching time go by
knowing one day
we all must face "TIME"
time will leave a void
that can't be replace
DAMN...TIME
here I sit
on bended knee
tears flowing like rain
face in hands...
not enough time...
time... has... gone
