

Not for the faint of heart, *Dark Poetry* is the thoughts, views and passions of people who live in a cold and heartless world. A window on the thoughts of a guilty soul as he encounters violent people and the mentally ill. *Dark poetry of mine* paints a violent and sad world, shows God as the merciless one who condemns you to hell. It is the abyss of one man's soul.

About the Author

Tyler W. Stinson has been writing since he was nine or ten. Born and raised in Dallas, Texas, he has come to love writing poetry and short stories that open and entertain people.
