

What Are You Thinking Now

By G David Schwartz

What are you thinking now
What are you thinking true
What are your truly now aware
And what is thinking about you
I thought about you yesterday
The day before as well
So I guess if there is a day I don't think
Of you I'll be in hell
In fact I know that is true
For all my thought of you
Keep me on my balance
and up in the air with you
Here let me stand with you
And I will be able to feel
Like I wish to live forever
and i know I will
